Title

Changes in d-fine's partnership

Text

With the beginning of the new financial year on 1st July 2010, two personnel changes took place within the partnership of the consultancy firm d-fine. Dr Hans-Peter Deutsch, one of the four founding partners, retired from active professional life and has, therefore, left d-fine's executive management. However, he will keep his mandate on the supervisory board of a subsidiary of d-fine.

Furthermore, Dr Christian Bormann (44) has been added to d-fine's partnership. In recent years he has built very successfully the consulting division for the customer segment Asset Manager. The consulting services of this area include the implementation of regulatory requirements such as InvMaRisk or UCITS IV, the development of modern risk and investment management systems, and the process optimization for asset managers.

With over 250 experts, d-fine is not only one of the leading European providers in risk management, but also amongst the 25 biggest management consultancies in Germany.
